

**REMARKS**

Claims 4 to 7 are pending in this application. Claims 1 to 3 have been canceled and Claims 4 to 7 have been amended herein. In view of these amendments and remarks, Applicant respectfully requests reconsideration of Claims 4 to 7.

**I. Objections to the Specification and Claims**

The Examiner has objected to the specification and claims for various informalities. In view of the Examiner's suggestions, the Applicant has amended the specification and claims to resolve any ambiguities associated therewith.

**II. Rejections under 35 U.S.C. § 112**

The Examiner has rejected ones of Claims 1 to 3 under 35 U.S.C. § 112 ¶ 1 and 2 for failing to comply with the written description requirement or being indefinite for failing to particularly point out and distinctly claim the subject matter which the applicant regards as the invention. Inasmuch as Claims 1 to 3 are no longer submitted for consideration, the Applicant requests that the Examiner withdraw the rejection under 35 U.S.C. § 112.

**III. Conclusion**

In view of the above, the Applicant respectfully submits that the application is in condition for allowance and requests that the Examiner pass the case to issuance. If the Examiner should have any questions, the Applicant requests that the Examiner contact Applicant's attorney at 972-732-1001 so that such issues may be resolved as expeditiously as possible.
